🎯 Career Objective

I am a motivated and enthusiastic Front-End Developer seeking an entry-level position in a reputed company. I have knowledge of HTML, CSS, JavaScript, and React.js. I enjoy building responsive and user-friendly websites. I have developed projects like a personal portfolio, calculator app, and to-do application using React.js. I am eager to learn new technologies and improve my development skills.

📚 Technical skills

• Programming

Java , Python , C++

• Web technologies

Html , Css , Javascript

•Frame work

springboot , Bootstrap

•Database

MySQL , MongoDB

•Tools

Vscode , GitHub

🕒 Projects

Personal Portfolio (React.js)

- Developed a responsive personal portfolio website using React.js, HTML, CSS, and JavaScript.
- Designed sections like About Me, Skills, Projects, and Contact.
- Implemented modern UI design and responsive layout.
- Showcases my projects and technical skills.

Calculator App (React.js)

- Built a calculator web application using React.js.
- Implemented basic arithmetic operations like Addition, Subtraction, Multiplication, and Division.
- Designed a simple and user-friendly interface.
